VERSE 1:

I know You're here
Working in the waiting, teaching me to see Your design
I hear Your call
A holy invitation, to leave my reservations behind
I'll leave my reservations behind

CHORUS:

Here I am
All I have is in Your hands
Where I'm meant to be
As I surrender I can see
As I let go You carry me
Here I am

VERSE 2:

You work for good
The pieces come together, my brokenness is being made new
I trust Your plan
With great anticipation, I run with all abandon to You
I run with all abandon to You

BRIDGE:

Where You go, I go
If you stay I'm not moving
Through valleys and shadows
I'm not giving up

BRIDGE 2:

Where You go, I go
If you stay I'm not moving
Through valleys and shadows
I'm not giving up
I'm not giving up
I'm not giving up
I'm not giving up
